PRESS RELEASE

USNRC DELEGATION VISITS INDIA

A delegation from United States Nuclear Regulatory Commission (USNRC) led by Chairman, USNRC is visiting India during November 12-18, 2011.

The delegation visited Atomic Energy Regulatory Board, (AERB), Mumbai on November 15, 2011. At AERB, the Chairman of USNRC, Mr. Gregory B. Jaczko, along with his team interacted with the Chairman, AERB, Mr. S.S. Bajaj and other senior officials with regard to the regulatory review of the Fukushima incident.

AERB officials briefed the delegation on the regulatory process in place in the country and the actions taken after the Fukushima accident for further enhancing safety measures of the nuclear power plants in India. On similar lines, the USNRC team brought forth the recommendations arising from their review on this issue. It was noted that there are broad similarities in the approaches being followed in this regard. The discussions also re-affirmed the on-going bi-lateral co-operation in the fields of nuclear safety and regulation between AERB and USNRC, which dates back to 2003.

The delegation also held discussions with Chairman, Atomic Energy Commission; Director, Bhabha Atomic Research Centre and CMD, Nuclear Power Corporation of India Limited and visited the BARC facilities and the Tarapur Atomic Power stations, on November 15-16, 2011. The delegation would be visiting Kalpakkam and its facilities, Indira Gandhi Centre for Atomic Research, Prototype Fast Breeder Reactor and Madras Atomic Power Station on 17 -18 November 2011.
