MISSION AND VISION OF AERB	x
ORGANISATIONAL STRATEGIES	xi
COMPOSITION OF THE BOARD	xii
ORGANISATION CHART OF AERB	xiii
CHANGES IN THE ORGANISATION	xiv
KEY INFORMATION AT A GLANCE FOR THE YEAR 2022	xvi
EXECUTIVE SUMMARY	xvii
CHAPTER 1 SAFETY SURVEILLANCE OF NUCLEAR & INDUSTRIAL FACILITIES	1-27
1.0 Safety Review Mechanism of Nuclear and Industrial Facilities	01
1.1 Review Status of Nuclear Power Projects & Fuel Cycle Facilities	02
1.2 Nuclear Power Projects: Review Status	04
1.3 Fuel Cycle Facilities Fuel Cycle Facilities Projects	07
1.4 Fuel Cycle Facilities Projects: Review Status	07
1.5 Reportable Industrial Incidents at Construction Sites	08
1.6 Operating Nuclear Power Plants, Research Reactors, Fuel Cycle Facilities and Industrial Facilities	09
1.7 Operating Nuclear Power Plants and Research Reactors	09
1.8 Status of Implementation of Safety Enhancements at Operating NPPs	12
1.9 Fast Breeder Test Reactor	14
1.10 KAMINI Reactor	14
1.11 Licensing of Operating Staff at NPPs and RRs	14
1.12 Nuclear Fuel Cycle Facilities and Industrial Facilities	15
1.13 Significant Events and Enforcement Actions	20
1.14 Occupational Injury Statistics of DAE Units	24
CHAPTER 2 SAFETY SURVEILLANCE OF RADIATION FACILITIES	28-43
2.0 Safety Review Mechanism of Radiation Facilities	28
2.1 Applications of Radiation Sources and Regulatory Activities	30
2.2 Medical Applications of Radiation Sources	30
2.3 Industrial Applications of Radiation Sources	33
2.4 Consumer Products, Scanning and Research Applications	35

2.5	Approval of Radiological Safety Officers	37
2.6	R&D Units and Other Facilities in Construction and Operation	38
2.7	Unusual Occurrences/ Enforcement Actions	41
2.8	Management of Disused Radioactive Sources	41
2.9	Safety Committees for Radiation Facilities	41
2.10	Safety Performance Indicator for Radiation Facilities Through e-LORA (eSPI)	42
CHAPTER 3	REGULATORY INSPECTIONS	44-50
3.0	Regulatory Inspection Programme	44
3.1	Graded Approach in Determining Safety Significance of Deviations	44
3.2	Regulatory Inspections of Nuclear, Industrial and Radiation Facilities	45
3.3	Regulatory Oversight of QA Activities During Manufacturing of Safety Related Reactor Components	49
3.4	Regulatory Inspection of Radiation Facilities	50
CHAPTER 4	ENVIRONMENTAL SAFETY AND OCCUPATIONAL EXPOSURES	51-58
4.0	Environmental Safety in Nuclear Fuel Cycle Facilities	51
4.1	Occupational Exposures	53
4.2	Initiatives Taken by AERB for Dose Reduction	57
CHAPTER 5	EMERGENCY PREPAREDNESS	59-61
5.0	Role of AERB in Emergency Preparedness and Response	59
5.1	Review of Preparedness for Emergency at NPP Sites	59
5.2	Strengthening of Emergency Preparedness Plans of NPP	60
5.3	Decision Support System	60
5.4	Nuclear and Radiological Emergency Monitoring Centre at AERB	61
5.5	Development of Regulatory Documents Related to Emergency Management	61
CHAPTER 6	REGULATORY SAFETY DOCUMENTS	62-67
6.0	Regulatory Safety Documents Development Process	63
6.1	Regulatory Safety Documents Developed/Revised	63
6.2	Safety Documents under Revision/Development	66
6.3	Development of Strategies for Regulation of Emerging Technologies and Emerging Regulatory Issues	66
6.4	Review of IAEA Draft Safety Standards	67

CHAPTER 7 SAFETY ANALYSIS AND RESEARCH 68-89

7.1	Reactor Thermal Hydraulics Safety Studies	68
7.2	Severe Accident Studies	72
7.3	Safety Analysis Code Development & Benchmarking	73
7.4	Radiological Assessment and Environmental Safety Studies	74
7.5	Experimental Studies	78
7.6	Reactor Physics Studies	82
7.7	Structural Analysis and Material Studies	85
7.8	Safety Studies to Support Review and Assessment	87
7.9	AERB Funded Safety Research Programme	88

CHAPTER 8 ENGAGEMENT WITH STAKEHOLDERS AND PUBLIC OUTREACH 90-100

8.0	AERB and Media	90
8.1	Communication and Consultation with Stakeholders	90
8.2	Strengthening of Regulatory Interfaces	90
8.3	Safety Promotional Activities	91
8.4	National Conference on Regulatory Interface 2022	92
8.5	Webinar Series on 'Sharing Operating and Regulatory Experiences from Safety Significant Events in Indian NPPs'	93
8.6	Awareness Programme	94
8.7	Public Outreach Events in Vicinity of NPPs	94
8.8	Journalists' Workshop held at Kalpakkam	95
8.9	Awareness Programme for Journalists	96
8.10	Theme Meeting on Safety Performance Indicators for NPPs	96
8.11	Theme Meeting on In-core Fuel Management in NPPs	96
8.12	DAE Safety & Occupational Health Professional Meet	97
8.13	Theme Meeting on Nuclear Energy & Radiation Applications and Safety Regulations: Emerging Aspects	100

CHAPTER 9 PUBLIC ACCOUNTABILITY 101-102

9.0	Grievance Redressal	101
9.1	Right to Information Act	101
9.2	Parliamentary Questions	102

CHAPTER 10 INTERNATIONAL CO-OPERATION 103-110

10.0	International Cooperation	103
------	---------------------------	-----

10.1	IRRS Follow-up Mission with Extended Scope	103
10.2	Participation in IAEA General Conference	108
10.3	Bilateral Cooperation	108
10.4	Preparation of National Report to the Joint 8 th and 9 th Review Meeting of Contracting Parties of Convention on Nuclear Safety (CNS)	110

CHAPTER 11: HUMAN RESOURCES DEVELOPMENT AND INFRASTRUCTURE 111-125

11.0	Augmentation of Human Resource	111
11.1	Employment of Persons with Disabilities	111
11.2	Integrated Management System	111
11.3	Training	112
11.4	Technical Excellence Programme	112
11.5	Knowledge Management	112
11.6	Azadi Ka Amrit Mahotsav	113
11.7	Scientific Information Cell	115
11.8	Infrastructure Development	115
11.9	AERB Award Scheme	115
11.10	Welfare and Awareness Activities for AERB Employees	118

CHAPTER 12 PROMOTION OF OFFICIAL LANGUAGE 126-127

12.0	Implementation of Official Language	126
12.1	Publication in Hindi	126
12.2	Celebration of Hindi Day	126
12.3	Programmes for Promotion of Official Language	126
12.4	Hindi Teaching Scheme	127

CHAPTER 13 FINANCE 128-137

13.0	Annual Budget of AERB and its Utilisation	128
13.1	Research & Development and IT Infrastructure	128

PUBLICATIONS 129

ABBREVIATIONS 131

INTERNATIONAL NUCLEAR AND RADIOLOGICAL EVENT SCALE (INES) 137

LIST OF TABLES

PAGE NO.

Table 1.1: Status of Nuclear Power Projects	03
Table 1.2: Status of Fuel Cycle Facilities under Siting, Construction and Commissioning	07
Table 1.3: Safety Review Committee Meetings of the Nuclear Power Projects and Fuel Cycle Facilities under Construction	08
Table 1.4: List of Operating NPPs	09
Table 1.5: Meetings of Safety Committees / Standing Committees / Expert Groups	10
Table 1.6: Licensing of Operating Staff	15
Table 1.7: Status of Nuclear Fuel Cycle Facilities and other Industrial Facilities	15
Table 1.8: Meeting of Safety Review Committee of Fuel Cycle Facilities held during the year 2022	18
Table 1.9: INES Rating of Significant Events in NPPs Reported during the year 2022	22
Table 1.10: Unit Wise Comparison of Reportable Occupational Injuries in DAE Units for 2021	25
Table 2.1: Details of Radiation Facilities and Equipment / Sources as on December 31, 2022	28
Table 2.2: Details of Consents/Renewals issued for Medical Radiation Facilities during the year 2022	32
Table 2.3: Details of Consents issued for Industrial Radiation Facilities during the year 2022	37
Table 2.4: Details of Consents/Renewals issued for Consumer Products and Scanning Facilities during the year 2022	37
Table 2.5: Approval of Radiological Safety Officers in Radiation Facilities during the year 2022	38
Table 2.6: Status of R&D Units and Other DAE Facilities	38
Table 2.7: Meetings of Safety Review Committees of Radiation Facilities during the year 2022	42
Table 3.1: RIs of NFs (Under Construction and Commissioning)	48
Table 3.2: RIs of Operating Nuclear Facilities & NPCII HQ	48
Table 3.3: Regulatory Inspections of Industrial and Fuel Cycle Facilities and HWB HQ	49
