

Radiation Safety Certification Programme for Regularization of Radiation Therapy Technologists - 2013 (RS-RTT-2013)

This has reference to application received by AERB in response to the circulars issued by Radiological Safety Division, AERB dated January 11, 2012 and July 17, 2012 regarding the radiation safety certification programme for regularization of radiotherapy technologists, whose qualification is not in line with AERB requirements. The regularization program for the year 2013 is being organized by RP&AD, BARC in coordination with RSD, AERB at FIVE different radiotherapy centers in the country.

Provisional list of candidates eligible for attending the training program as on 31/03/2013 and their allocated training centre, duration of the training and contact details of the centre coordinator are mentioned in the subsequent pages. **Candidates are requested to contact centre coordinator of the allocated training centre for further information.**

General Information:

1. Candidates are requested to confirm their participation to the centre coordinator of their allocated training centre at the earliest possible but not later than 15 March, 2013.
2. Each candidate is required to fill up a declaration cum verification form prior to joining the course (Annexure-1). **One set of duly attested copies of (10th, 10+2, professional qualification certificate, professional qualification mark sheet and experience certificates) along with the declaration cum verification form should be submitted to the centre coordinator for verification with original certificates.**
3. **In case a candidate is unable to produce the original certificates and mark sheet for the verification by the centre coordinator, he /she will not be permitted to attend the training program. Moreover, if certificate produced for verification to the centre coordinator is not in line with AERB requirements, candidates will not be allowed to attend the training program.**
4. Candidates are requested to download the declaration cum verification form ([Annexure-1](#)) and fill up the desired information in advance to avoid unwanted delay.
5. Candidates are expected to make their own travel, lodging and boarding arrangements for attending the training program. However, if required, the centre coordinator may be requested for help in arranging the accommodation.
6. Training centers have been allocated to the candidates nearer to his/her workplace and available seats at the training centre. Allotted Training centre cannot be changed under

normal circumstances. However, in case of genuine reasons, a request for the change of training centre may be considered. In this regard, candidate may contact

Dr. S. D. Sharma
Scientific Officer (F)
Radiological Physics & Advisory Division (RP&AD)
Bhabha Atomic Research Centre (BARC)
CT&CRS Building, Anushaktinagar, Mumbai - 400094,
Phone: 022-25598713
Fax: 022-25519209
Email: sdsbarc@gmail.com/ sdsharma@barc.gov.in

Note 1: Candidates who have already successfully completed the BARC Safety Certification programme for radiotherapy technologists are considered qualified radiotherapy technologists and are not required to attend this training programme.

Note 2: Candidates with basic qualification of 10+2 (Science) and having 5 years of working experience as radiotherapy technologist as on December 31, 2010 are considered as qualified radiotherapy technologists and are not required to attend this training programme.

Note 3: Provisional list of candidates who will be eligible for regularization through radiation safety certification program in the year 2014, 2015 and 2016 will be intimated in due course of time.

Declaration cum Verification Form

Annexure-1

1. Name of the candidate:
2. Father's Name:
3. Date of Birth:
4. TLD Badge Number:
5. Total working experience as radiotherapy technologist on or before **31/03/2013** including previous job:
2. Mobile Number :
3. E:Mail:
1. Name & address of the institution, where presently employed:

2. Details of qualification and experience:

(Please attach attested copies of basic, professional and experience certificates)

A. Academic and professional qualification

Sr. No.	Educational qualification /Experience	Board/University
1.	10 th	
1.	10+2(Science)	
2.	B.Sc./ M.Sc.	
3.	Professional Course (e.g. DRT/DMRT/PGDRT/ADRT/BMRT/BMXRT etc.)	

B. Experience as on or before March 31, 2013

Sr. No.	Name of the institution where candidate has worked/working	Duration of work (Months/Years)

3. Any Other Information

4. Declaration:

“This is to state that all the information, certificates (academic, professional, experience) submitted by me and details given above to attend the safety certification program for the radiotherapy technologists are true to the best of my belief and knowledge. If any information provided by me is found to be non-genuine at any point of time, I understand that safety certificate issued to me will be revoked and I shall not be able to work as a radiotherapy technologist in the country”.
