

MESSAGE ON NATIONAL SAFETY DAY 2020

Safety is always important for all, and everyone is part of it. All incidents and injuries are preventable. Everyone is responsible for safety performance. Safety starts from you. Always look for unsafe conditions at your work place and act to make it safe.

Rededicate yourselves to the cause of safety and do the best to observe rules, regulations and procedures. Develop attitudes and habits for achieving these qualities. Remember, Accident leads to disablements, deaths, harm to health, damage to property, social suffering and general degradation of environment. Take a vow to do everything possible for the prevention of accidents in the interest of self, family, community, organization and the nation. On this day let everybody review the commitment to work safely through out.
