

AERB conducted Public Outreach program in Vyara, Gujarat

AERB conducted public outreach programmes in Vyara town of Tapi District, Gujarat on July 13, 2023. Vyara town is located about 15 km south of KAPS (Kakrapar Atomic Power Station). In this activity, a seminar was conducted at C. N. Kothari Homeopathic Medical College and Research Centre, Vyara. The programme was attended by faculty members and students of the institute. During the seminar, presentations on topics safety aspects in Nuclear Power Plants and Radiation Facilities were delivered by AERB officials in regional language.

AERB officials also visited Vyara Nagar Palika and discussed with civic authorities the role of AERB in ensuring safety in operations of Nuclear and Radiation facilities.
