

## **AERB – STUK (Finland) Bilateral Meeting held during November 18 - 20, 2019 at AERB**

A bilateral meeting between Atomic Energy Regulatory Board (AERB) and STUK, the nuclear regulatory body of Finland was held during November 18-20, 2019 at AERB, Mumbai. A four member delegation from STUK was led by its Director General, Mr. Petteri Tiippana. AERB delegation was led by Chairman, AERB, Mr. G. Nageswara Rao and the technical sessions were led by Executive Director, AERB, Mr. D.K. Shukla. Technical experts from Bhabha Atomic Research Centre (BARC) were also invited to make presentations on technical topics. Experience with regulatory review of VVER and EPR type of nuclear reactors, regulation in application of radiation sources, regulation and national practices in radioactive waste management were discussed during the meeting. The exchange of views proved to be mutually beneficial. AERB and STUK expressed their willingness to carry forward the cooperation in the areas of mutual interest.

As a part of the meeting, STUK delegation also visited Tarapur Atomic Power Station 3&4.
